**INTERMEDIATE WEB DEVELOPER / DESIGNER**

Advantage Parts Solutions  
ADPS.com

We're growing and we are looking for an eager and fast-learning Intermediate Web Developer / Designer to join our busy IT team. This is a 1 year on-site term position. This contract may be extended or turned into a full time position.

We provide automotive parts sales and marketing solutions for both internal and external clients throughout Canada, the US and the UK via our intranet, proprietary CRM programs, client facing KPI and marketing dashboards and we also offer an OE Parts Loyalty program.

You will be working with the guidance and mentorship of our experienced lead developers and be responsible for creating visually appealing web sites that are user-friendly, offer clear navigation with a purpose of presenting large amounts of data in a manner that is easy to understand.

**Attributes:**

- Thrives on managing multiple tasks and deadlines while working within a small collaborative team environment producing big results.
- Superior design abilities – professional / corporate look & feel.
- Experience with design and development of web pages, graphics, multimedia, dashboards and GUIs.
- A keen understanding of how data can be presented in various ways to maximize its value. (Interactive charts / graphs, KPI's, Dashboards).
- An interest in performing 'some' graphic design work depending on your level of talent.
- An ability to prepare detailed and accurate specifications and timeline estimates.
- Operates efficiently and effectively for quick turnaround.

**Required Skills:**

- Proficient with HTML 5, JavaScript, CSS, ASP.Net, Visual Studio, C#.
- Experience with some or all of the following: SQL, Telerik, Kendo, Ajax, MVC, Sitefinity.
- Adobe Creative Suite, Illustrator, Photoshop, multimedia creation... video experience would be great.
- Solid understanding of Social media, analytics and SEO.
- Proficient with navigation, GUI for UI usability.
- Responsive design for all devices including mobile development.
- Knowledge or experience with the cloud (MS Azure).
- Excellent written and oral communication skills.
- Desire and willingness to work in a collaborative, innovative, flexible and team-oriented environment and have fun.
- Detail focused and self-improvement driven.
- Minimum 3 years related experience.

If the above meets your qualifications, please submit your resume with cover letter citing the subject: "Intermediate Web Developer" along with your portfolio links and LinkedIn profile link.

We offer a competitive salary, full benefits and a great working environment.

Thank you for submitting your application however, only candidates selected for interviews will be contacted.

No unsolicited agency referrals please.
